RELEASE OF INFORMATION POLICY

We recognize that parents have a right to know that information they share will be regarded as confidential as well as be informed about the circumstances and reasons, when we are obliged to share information. We are obliged to share confidential information without authorization from the person who provided it or to whom it relates if it is in the public interest. That is when:

- It is to prevent a crime from being committed or intervene where one may have been or to prevent harm to a child or adult; or
- Not sharing it could be worse than the outcome of having shared it.

The decision should never be made as an individual, but with the back-up of management committee officers. The three critical criteria are:

- Where there is evidence that the child is suffering, or is at risk of suffering, significant harm.
- Where there is reasonable cause to believe that a child may be suffering or at risk of suffering significant harm.
- To prevent significant harm arising to children and young people or serious harm to adults, including the prevention, detection and prosecution of serious crimes.

I have read the above and understand that there may be circumstances when information will be shared without my consent.
